FastTrack Bundles for IBM Lotus Connections

Gemini Systems is offering a special *FastTrack* package to improve your organization's enterprise collaboration capabilities and to foster innovation leveraging Lotus Connections.

Lotus Connections, the social networking software for business, empowers you to be more innovative and helps you execute more quickly by leveraging dynamic networks of co-workers, partners and customers. *Profiles*, an expertise white-pages directory, helps you find the right people at the right time, helping your organization locate corporate know-how wherever it may be. *Communities* allow groups of people who share a common interest to collaborate with one another by sharing information, tools and best practices, boosting overall productivity. *Blogs* help capture and share the work experiences of subject matter experts as they perform their daily tasks, resulting in better knowledge sharing and organizational communications. *Dogears* give people a better way to personalize and share their own bookmarks, and allow for searching the community's bookmarks helping build an organizational knowledge repository. *Activities* make it easy to track your work, invite and share your tasks with others, manage to-dos for your team, and discover and share best practices through the use of templates.

For a limited time, Gemini Systems will help you reap the benefits of Lotus Connections at a minimal cost. This discounted promotion combines options for pre-configured hardware, IBM Lotus Connections software licenses and Gemini Systems' unmatched systems integration and consulting expertise, resulting in a low-risk way to get started with Lotus Connections.
