

FastTrack Bundles for IBM Lotus Notes / Domino 8.5 Upgrade and Migration

Gemini Systems is offering a special *FastTrack* package for rapidly migrating to IBM Lotus Notes / Domino 8.5 via dedicated appliance-like servers. This *FastTrack* is for companies with up to five Domino servers, currently running Domino R6, R7 or ND8 and leveraging Notes as their mail client.

The new ND 8.5 has something for everyone. Your users will love the improved Lotus Notes client. Take advantage of multi-platform support (Windows, Linux, Mac OS X), advanced features such as Federated calendars, out-of-the-box web browser support, and iPhone and Windows Mobile support. Your administrators will benefit from improved user administration and provisioning, faster backups and drastically save storage with DAOS storage repositories. Most importantly, your company's bottom line will reflect the decreased cost of disk storage and lowered TCO. Additionally, with the IBM BladeCenter S option you are future-proofing your investment by leveraging the BladeCenter's expansion capabilities.

➔ Reclaim 40%-60% of the storage required by your mail servers by upgrading to ND 8.5.

For a limited time, Gemini Systems will help you reap the benefits of the newest version of Lotus Notes / Domino at a minimal cost. This discounted promotion combines pre-configured hardware and Gemini Systems' unmatched systems integration and consulting expertise.
